

CHILD SAFE ENVIRONMENT AND WELLBEING

QUALITY AREA 2 | ELAA VERSION 1.5

Working in partnership with Cancer Council Victoria, ELAA has aligned this policy to the key policies and guidelines of the Healthy Early Childhood Services Achievement Program

PURPOSE

This policy provides a clear set of guidelines and procedures for Jacaranda Preschool to:

- provide a safe environment for all children which ensures their safety, health and wellbeing
- promote the cultural safety of all children
- identify, reduce and remove risks of child abuse
- intervene when a child may be at risk of abuse or neglect
- involve children in child safety including listening to children and incorporating their views about how to provide a safe environment
- make staff aware of their legal and duty of care obligations to report child abuse and neglect
- responding to requests, sharing and requesting information to promote child wellbeing or safety and/or manage risk of family violence.

POLICY STATEMENT

VALUES

Jacaranda Preschool:

- is committed to the rights of all children to feel safe, and be safe at all times, including:
 - promoting the cultural safety of Aboriginal children
 - promoting the cultural safety of children from culturally and linguistically diverse backgrounds
 - promoting the safety of children with a disability
 - promoting the (right to) safety of trans and gender diverse children and their families in ECEC settings
 - ensuring that LGBTIQ+ children and families feel included
- values, respects and cares for children
- fosters opportunities for each child to participate, express their views and to learn and develop
- always acts in the best interests of each child and has zero tolerance of child abuse
- takes all reasonable steps to ensure the health, safety and wellbeing of children at all times, whilst also promoting their learning and development
- actively manages the risks of abuse or harm to each child, including fulfilling our duty of care (*refer to Definitions*) and legal obligations to protect children and prevent any reasonable, foreseeable risk of injury or harm
- continuously improves the way our service identifies risks of and responds to child abuse, and encourages reporting and improved responses to allegations of abuse.
- proactively sharing information with relevant authorities to promote the wellbeing and/or safety of a child or a group of children, consistent with their best interests.

SCOPE

This policy applies to the approved provider, persons with management or control, nominated supervisor, persons in day-to-day charge, early childhood teachers, educators, staff, students, volunteers, parents/guardians, children and others attending the programs and activities of Jacaranda Preschool, including during offsite excursions and activities.

BACKGROUND AND LEGISLATION

BACKGROUND

A key requirement of the *Education and Care Service National Law Act 210* is to ensure every reasonable precaution is taken to protect children being educated and cared for by the service from harm and from any hazard likely to cause injury (*National Law: Section 167*). The approved provider must also ensure that each Nominated Supervisor and each person in day-to-day charge of the service has successfully completed the child protection training required by the Department of Education and Training (*National Law: Section 162A*).

Under the *Education and Care Services National Regulations 2011*, the approved provider of an education and care service must ensure that the nominated supervisors and staff members at the service who work with children are advised of:

- the existence and application of the current child protection law
- any obligations that they may have under that law (Regulation 84).

Under the *National Quality Standards*, management, educators and staff are required to be aware of their roles and responsibilities to identify and respond to every child at risk of abuse or neglect (*element 2.2.3*). At all times, reasonable precautions and adequate supervision must be provided to ensure children are protected from harm and hazard (*element 2.2.1*).

Approved providers operating under the *Children’s Services Act 1996* must ensure that every reasonable precaution is taken to protect children being cared for or educated by the service from harm and from any hazard likely to cause injury (*section 107*).

The approved provider, persons with management control, nominated supervisor, persons in day-to-day charge, educators, staff, contractors, students and volunteers of early childhood services have legal and duty of care obligations to protect children under their supervision and care.

Duty of care obligations (*refer to Definitions*) require the approved provider, person with management or control, nominated supervisor, persons in day-to-day charge, and staff to take reasonable steps to protect children from injury that is reasonably foreseeable.

In addition, organisations have an organisational duty of care (*refer to Definitions*) to take reasonable precautions to prevent the abuse of a child by an individual associated with the organisation while the child is under its care, supervision or authority. The Victorian Reportable Conduct Scheme (*refer to Definitions*) seeks to improve organisations’ responses to allegations of child abuse and neglect by their workers and volunteers. The scheme is established by the *Child Wellbeing and Safety Act 2005 (the Act)* and relates to individuals associated with an organisation, including but not limited to committee members, employees, volunteers and contractors.

The Children, Youth and Families Act 2005 provides the legislative basis for the provision of services to vulnerable children, young people and their families, and places children’s best interests at the heart of decision-making and service delivery.

In line with the Victorian Government’s Roadmap for Reform, Education State reforms and broader child safety initiatives, *Part 6A* of the *Child Wellbeing and Safety Act 2005* was proclaimed in September 2018. The Act established the Child Information Sharing (CIS) Scheme, which enables sharing of confidential information between prescribed information sharing entities (*refer to Definitions*) in a timely and effective manner in order to promote the wellbeing and safety of children. Alongside the CIS Scheme, the *Family Violence Protection Act 2008* includes the Family Violence Information Sharing (FVIS) Scheme and the Family Violence Multi-Agency Risk Assessment and Management Framework, which enables information to be shared between prescribed entities to assess and manage family violence risk to children and adults. It will allow professionals working with children to gain a complete view of the children they work with, making it easier to identify wellbeing or safety needs earlier, and to act on them sooner.

Any person who forms a reasonable belief (*refer to Definitions*), that a child is in need of protection may report their concerns to the Child Protection (*refer to Definitions*).

Early childhood teachers are required to be registered with the Victorian Institute of Teaching and are mandatory reporters (*refer to Definitions*). In addition, all educators with post-secondary qualifications in the care, education or minding of children and employed or engaged in an education and care service or a children’s service and all proprietors, nominees of a children’s service, approved providers, and nominated supervisors of an education and care service are mandatory reporters.

All mandatory reporters must make a report to Victoria Police and/or Child Protection (*refer to Definitions*) as soon as practicable if, during the course of their roles and responsibilities they form a reasonable belief that:

- A child is likely to suffer, or has suffered, significant harm as a result of physical abuse and/or sexual abuse, and
- The child’s parents have not protected, or are unlikely protect, the child from harm of that type.

Victorian organisations that provide services to children are required under the *Child Wellbeing and Safety Act 2005* to ensure that they implement compulsory minimum *Child Safe Standards* to protect children from harm. The standards aim to drive continuous improvement in the way services prevent and report child abuse and respond to allegations of child abuse. Standard 2 requires services to have a child safety and wellbeing policy or statement of commitment to child safety and wellbeing.

Three criminal offences in the *Crimes Amendment (Protection of Children) Act 2014* protect children from child abuse:

- Failure to disclose: All adults (not just those working with children) have a legal duty to report information about child sexual abuse to Victoria Police. The offence applies to any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 and fails to report that information to the Victoria Police.
- Failure to protect: The offence applies to people within organisations who hold positions of authority within an education and care service, such as the approved provider, person with management or control, the nominated supervisor or the person in day to day charge and who know of the substantial risk that another adult associated with the organisation may commit a sex offence and they have the power or responsibility to remove or reduce the risk but negligently fail to do so.
- Grooming offence: The offence targets predatory conduct by an adult with the intent of committing child sexual abuse. Conduct may include communication, including online communication, with a child under the age of 16 or their parents.

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. Approved provider, Nominated supervisor, Notifiable complaints, Serious incidents, Duty of care, etc. refer to the Definitions file of the PolicyWorks catalogue.

Abuse: see Child abuse definition below.

Child abuse: (In the context of this policy) refers to an act or omission by an adult that endangers or impairs a child's physical and/or emotional health or development. Child abuse can be a single incident but often takes place over time. Abuse, neglect and maltreatment (refer to Definitions) are generic terms used to describe situations in which a child may need protection. Child abuse includes any and all of the following:

Physical abuse: When a child suffers or is likely to suffer significant harm from an injury inflicted by a parent/guardian, caregiver or other adult. The injury may be inflicted intentionally, or be the consequence of physical punishment or the physically aggressive treatment of a child. Physical injury and significant harm to a child can also result from neglect by a parent/guardian, caregiver or other adult. The injury may take the form of bruises, cuts, burns or fractures, poisoning, internal injuries, shaking injuries or strangulation.

Sexual abuse: When a person uses power or authority over a child, or inducements such as money or special attention, to involve the child in sexual activity. It includes a wide range of sexual behaviour from inappropriate touching/fondling of a child or exposing a child to pornography, to having sex with a child and grooming with the intent of committing child sexual abuse.

Emotional and psychological abuse: When a child's parent or caregiver repeatedly rejects the child or uses threats to frighten the child. This may involve name calling, put downs or continual coldness from the parent or caregiver, to the extent that it significantly damages the child's physical, social, intellectual or emotional development.

Neglect: The failure to provide a child with the basic necessities of life, such as food, clothing, shelter, medical attention or supervision, to the extent that the child's health and development is, or is likely to be, significantly harmed.

Family violence: When children and young people witness or experience the chronic, repeated domination, coercion, intimidation and victimisation of one person by another through physical, sexual and/or emotional means within intimate relationships. Contrary to popular belief, witnessing episodes of violence between people they love can affect young children as much as if they were the victims of the violence. Children who witness regular acts of violence have greater emotional and behavioural problems than other children.

Racial, cultural, religious abuse: Conduct that demonstrates contempt, ridicule, hatred or negativity towards a child because of their race, culture or religion. It may be overt, such as direct racial vilification or discrimination, or covert, such as demonstrating a lack of cultural respect (attitude and values) and awareness (knowledge and understanding) or failing to provide positive images about another culture.

Bullying: Repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Bullying occurs when one or more people deliberately and repeatedly upset or hurt another person, damage their property, reputation or social acceptance.

Child FIRST: A Victorian community-based intake and referral service linked with Family Services. Child FIRST ensures that vulnerable children, young people and their families are effectively linked to relevant services, including Child Protection.

Child Information Sharing Scheme (CISS): enables Information Sharing Entities (ISE) (*refer to Definitions*) to share confidential information about any person to promote the wellbeing and/or safety of a child or group of children. The CISS works in conjunction with existing information sharing legislative provisions. All Victorian children from birth to 18 years of age are covered. Unborn children are only captured when there has been a report to Child First or Child Protection. Consent is not required from any person when sharing under CISS. The CISS does not affect reporting obligations

created under other legislation, such as mandatory reporting obligations under the *Children, Youth and Families Act 2005*.

Child Safe Standards: Promotes the safety of children, prevent child abuse, and ensure organisations have effective processes in place to respond to and report all allegations of child abuse.

Child sex offender: Someone who sexually abuses children, and who may or may not have prior convictions.

Child protection: The term used to describe the whole-of-community approach to the prevention of harm to children. It includes strategic action for early intervention, for the protection of those considered most vulnerable and for responses to all forms of abuse.

Child protection notification: A notification to the Child Protection Service by a person who believes that a child is in need of protection.

Child Protection Service (also referred to as Child Protection): The statutory child protection service provided by the Victorian Department of Health and Human Services, to protect children and young people at risk of abuse and neglect. This service also works closely with Family Services (including Child FIRST) to support the assessment and engagement of vulnerable children and families in community-based services. Code of conduct: A set of rules or practices that establish a standard of behaviour to be followed by individuals and organisations. A code of conduct defines how individuals should behave towards each other and towards other organisations and individuals in the community (refer to Code of Conduct Policy).

Contractor: A person or company that undertakes a contract to provide materials or labour to perform a service or do a job. Examples include photographer, tradesperson, people contracted to provide an incursion.

Department of Families, Fairness and Housing (DFFH): The department is responsible for child protection, prevention of family violence, housing, disability, multicultural affairs, LGBTIQ+ equality, veterans, and the offices for Women and Youth.

Disclosure: (In the context of this policy) refers to a statement that a child or young person makes to another person that describes or reveals abuse.

Family Violence Information Sharing Scheme (FVISS): enables the sharing of relevant information between authorised organisations to assess or manage risk of family violence.

Head of organisation: The heads of organisations under the Reportable Conduct Scheme are required to have systems in place to prevent reportable conduct within their organisation, and systems to enable staff to make reportable allegations. The head of organisation has the powers of the employer. A CEO or Principle Officer is a head of organisation. For stand-alone kindergartens, the head of organisation will usually be the president or another office bearer who consents to the nomination.

Information Sharing Entities (ISE): are authorised to share and request relevant information under the Child Information Sharing Scheme and the Family Violence Information Sharing Scheme (the Schemes) and required to respond to requests from other ISE's. All ISE's are mandated to respond to all requests for information.

Maltreatment: (In the context of this policy) refers to physical and/or emotional mistreatment, and/or lack of care of the child. Examples include sexual abuse, the witnessing of family violence and any non-accidental injury to a child.

Mandatory reporting: The legal obligation of certain professionals and community members to report when they believe, on reasonable grounds, that a child is in need of protection from harm. A broad range of professional groups are identified in the Children, Youth and Families Act 2005 as 'mandatory reporters', including:

- all educators with post-secondary qualifications in the care, education or minding of children and employed or engaged in an education and care service or a children's service
- all proprietors, nominees of a children's service, approved providers, and nominated supervisors of an education and care service.
- educators registered with the Victorian Institute of Teaching (VIT).

- Mandated staff members must make a report to Victoria Police and/or Child Protection as soon as is practicable if, during the course of acting out their professional roles and responsibilities, they form a belief on reasonable grounds (refer to Definitions) that:
- a child has suffered, or is likely to suffer, significant harm as a result of physical and/or sexual abuse (refer to Definitions) and
- the child's parents/guardians have not protected, or are unlikely to protect, the child from harm of that type.

Mandatory reporters must also follow processes for responding to incidents, disclosures or suspicions of child abuse to fulfil all their legal obligations (refer to Attachment 4: Processes for responding to and reporting suspected child abuse).

Neglect: see Child abuse definition above.

Negligence: Doing, or failing to do something that a reasonable person would, or would not do in a certain situation, and which causes another person damage, injury or loss as a result

Organisational duty of care: The statutory duty organisations have to take reasonable precautions to prevent sexual and/or physical abuse of a child.

Orange Door: A free service for adults, children and young people who are experiencing or have experienced family violence and families who need extra support with the care of children

Offender: A person who mistreats and/or harms a child or young person.

Perpetrator: A person who mistreats and/or harms a child or young person.

Reasonable belief/reasonable grounds: A person may form a belief on reasonable grounds that a child or young person is in need of protection after becoming aware that the child or young person's safety, health or wellbeing is at risk and the child's parents/guardians are unwilling or unable to protect them. There may be reasonable grounds for forming such a belief if:

- a child or young person states that they have been physically or sexually abused
- a child or young person states that they know someone who has been physically or sexually abused (sometimes the child may be referring to themselves)
- someone who knows the child or young person states that the child or young person has been physically or sexually abused
- a child shows signs of being physically or sexually abused
- the person is aware of persistent family violence or parental substance misuse, psychiatric illness or intellectual disability or other factors that are impacting on the child or young person's safety, stability or development
- the person observes signs or indicators of abuse, including non-accidental or unexplained injury, persistent neglect, poor care or lack of appropriate supervision
- a child's/young person's actions or behaviour may place them at risk of significant harm and the parents/guardians are unwilling or unable to protect the child.

Reportable allegation: any allegation that an employee, volunteer or student has committed child abuse (*refer to Definitions*)

Reportable Conduct Scheme: aims to improve oversight of how organisations respond to allegations of child abuse and child-related misconduct by their workers and volunteers. There are five types of 'reportable conduct':

- sexual offences committed against, with or in the presence of a child
- sexual misconduct committed against, with or in the presence of a child
- physical violence against, with or in the presence of a child
- any behaviour that causes significant emotional or psychological harm to a child
- significant neglect of a child.

Working with Children (WWC) Check: is a legal requirement under the Worker Screening Act 2020 for those undertaking paid or voluntary child-related work in Victoria.

Working with Children Clearance: A WWC Clearance is granted to a person under working with children legislation if:

- they have been assessed as suitable to work with children
- there has been no information that, if the person worked with children, they would pose a risk to those children
- they are not prohibited from attempting to obtain, undertake or remain in child-related employment.

EVALUATION

In order to assess whether the values and purposes of the policy have been achieved, the Approved Provider will:

- regularly seek feedback from everyone affected by the policy regarding its effectiveness, particularly in relation to identifying and responding to child safety concerns
- monitor the implementation, compliance, complaints and incidents in relation to this policy
- keep the policy up to date with current legislation, research, policy and best practice
- revise the policy and procedures as part of the service's policy review cycle, or as required
- notifying all stakeholders affected by this policy at least 14 days before making any significant changes to this policy or its procedures, unless a lesser period is necessary due to risk ([Regulation 172 \(2\)](#)).

AUTHORISATION

This policy was adopted by the approved provider of Jacaranda Preschool on 6th March 2023 .

REVIEW DATE: 6th March 2025

ATTACHMENT 1: GUIDELINES FOR INCORPORATION OF CHILD SAFETY INTO THE RECRUITMENT AND MANAGEMENT OF STAFF

The following guidelines and processes for the incorporation of child safety into the recruitment and management of staff demonstrate Jacaranda Preschool's commitment to maximising the safety of children and deterring unsuitable and inappropriate persons from attempting to work at our service.

Preparation for recruitment

- Include a statement of Jacaranda Preschool's commitment to maintaining a child safe environment in the job description
- Job description clearly outlines responsibilities and accountability
- Job advertisements clearly state our commitment to child safety
- Include requirement for a current Working with Children Check (WWCC) or Victorian Institute of Teaching registration
- The template letter of offer includes a statement about what is expected of the staff member in terms of commitment and responsibilities for child safety.

Selection process

- At least three people are on the interview panel including, where possible, at least one staff member, preferably a Nominated Supervisor or Educational Leader a gender mix and a person external to the service or someone with human resource/interviewing experience
- Questions are behaviour-based and ask the interviewee to provide examples of their past behaviour in specific situations relevant to the job being applied for
- Questions regarding relationships with children are values-based and include a consideration of issues such as professional boundaries, resilience and motivation, teamwork, accountability and ethics
- Questions are based on key selection criteria
- More detail is asked for when answers seem incomplete
- Confirm identity by sighting (and taking a copy of) a driver's licence or a passport
- Verify qualifications and, where relevant, Working with Children Clearance or Victorian Institute of Teaching registration
- Thorough reference checks:
 - at least two referees are contacted (including the current or most recent employer or direct line manager) in person or via telephone
 - all referees must have observed the applicant working with children first-hand
 - referees are asked about the candidate's past behaviour including relationships with children, professional boundaries, resilience and motivation, teamwork, accountability and ethics.
- Orientation and induction covers information about values, attitudes, expectations and workplace practices in relation to maintaining a child safe environment
- Information provided to the new staff member on commencing work at the service includes *Child Safe Environment and Wellbeing Policy, Code of Conduct Policy, Compliments and Complaints Policy and Staffing Policy*
- Regular meetings are held between staff members and the approved provider or the person with management or control. Child Safety and Child Safe Action plan reviews are included as an agenda item for Nominated Supervisors and Educational Leaders reporting to Committee meetings.
- A mentoring or buddy system for staff members is in place. Educational Leaders and Nominated Supervisors provide support to educators and staff on Child safety.
- Training and education with regard to child safety and child protection is provided for all staff
- Resources and support are provided for all staff to ensure a child safe environment.

Ongoing Management

- Regular meetings are held between staff and the approved provider or person with management or control and child safety is a regular item on the agenda. . Child Safety and Child Safe Action plan reviews are included as an agenda item for Nominated Supervisors and Educational Leaders reporting to Committee meetings. Child Safe Action Plans are reviewed and updated annually in Term 1.

- Provide supervision to ensure clear expectations about the role, adequate support as well as on-the-job monitoring of their performance
- Performance reviews consider the staff member's contribution to creating a child safe environment
- Regular training and education with regard to child safety, child protection and inclusive practices is provided for all staff
- Resources and support are provided for all staff to ensure a child safe environment
- Have a process to ensure that the registration of all early childhood teachers with Victorian Institute of Training remains current
- Maintain a register of all staff with a WWCC card and regularly check the status of the WWCC cards of all staff to ensure that no one has been given a Negative Notice or had their card revoked or suspended or that it has expired
- Develop processes to deal with a staff member who is given a Negative Notice including ensuring that they do not do any child-related work.

ATTACHMENT 2: GUIDELINES FOR INCORPORATION OF CHILD SAFETY INTO THE RECRUITMENT AND MANAGEMENT OF CONTRACTORS, VOLUNTEERS AND STUDENTS

The following guidelines and processes for the recruitment and management of contractors (*refer to Definitions*), volunteers (*refer to Definitions*) and students demonstrates Jacaranda Preschool's commitment to maximising the safety of children and deterring unsuitable and inappropriate persons from attempting to work, volunteer or be on student placement at our service.

- Assess the nature of the work or task being undertaken by contractors, volunteers and students to determine whether a position description is required
- Consider whether a screening or recruitment process is relevant to the role and the risks to children
- Ensure a valid Working with Children Check or an exemption applies for people engaged in 'direct contact' in child-related work, including physical contact, face to face contact, oral, written or electronic communication.
- Inform contractors, volunteers and students of policies relevant to their role as part of their orientation to the service
- Provide supervision to ensure clear expectations about the role and responsibilities
- Do not leave contractors, volunteers or students (or visitors) alone with children
- Have conversations about child safety and wellbeing and how the service maintains and responds to issues of safety with contractors, volunteers and students.

ATTACHMENT 3: PROCESSES FOR RESPONDING TO INCIDENTS, DISCLOSURE AND SUSPICIONS OF CHILD ABUSE

OVERVIEW

- The approved provider or staff, including those with mandatory reporting responsibilities (*refer to Definitions*) must act when they form a reasonable belief or have a suspicion that a child has been, or is at risk of being abused. Regardless of the suspected cause, all concerns about the wellbeing of a child (or an unborn child) should be taken seriously and acted upon. This includes concerns about the wellbeing of a child, which does not appear to be the result of abuse
- Staff must seek advice from the approved provider or person with management or control, DFFH Child Protection, Child First and/or Victoria Police if they are uncertain about whether they have sufficient grounds to form a reasonable belief.
- If staff hold a reasonable belief that a child has been or is at risk of being abused, regardless of the advice of the Approved Provider or Person with Management or Control, or any other staff member, they must still make a report to Child Protection and/or Victoria Police.
- The steps outlined in the Department of Education and Training's flowchart: Four critical actions for early childhood services: Responding to Incidents, Disclosures and Suspicions of Child Abuse, provides a summary of the critical actions which are to be followed: www.education.vic.gov.au
- Records are kept about all child safety concerns or complaints. These records contain comprehensive descriptions of incidents/ issues of concern and provide evidence for actions taken, including reports made to statutory authorities or professional bodies and follow-up actions to be completed. The records are stored in accordance with the service's *Privacy and Confidentiality Policy*.
- Privacy is maintained, and information is disclosed when it promotes the safety or wellbeing of a child.
- Permission is not required from parents/guardians of a child to make a report where abuse is suspected.

RESPONDING TO CONCERNS ABOUT THE WELLBEING OF A CHILD

When to report wellbeing concerns to Child FIRST (Family Information, Referral and Support Team)

A referral to Child FIRST or Orange Door (*refer to Definitions*) should be made if the approved provider/staff member has significant concerns for a child's wellbeing and the child is not in immediate need of protection. This may include circumstances when there are:

- significant concern for a child's wellbeing
- parents who lack the skills to support their child's physical, emotional and cognitive development that may be affecting the child's development
- family conflict, including family breakdown
- families under pressure, due to a family member's physical or mental illness, substance misuse, disability or bereavement
- young, isolated and/or unsupported families
- families experiencing significant social or economic disadvantage that may adversely impact on a child's care or development.

WHEN TO MAKE A REFERRAL TO ORANGE DOOR

Orange Door is a free service for women, children and young people who are experiencing family violence, or families who need assistance with the care and wellbeing of children to access the services they need to be safe and supported. Both services ensure that vulnerable children, young people and their families are linked effectively into relevant services, and this may be the best way to connect children, young people and their families with the services they need.

WHEN TO REPORT WELLBEING CONCERNS TO VICTORIA POLICE

In addition to reporting suspected abuse to appropriate authorities, you must contact Victoria Police on 000 if the:

- child's immediate safety is compromised
- child is partaking in any risk taking activity that is illegal and extreme in nature or poses a high risk to their safety, or the safety of somebody else.

WHEN TO REPORT WELLBEING CONCERNS TO DFFH CHILD PROTECTION

In addition to reporting suspected abuse to appropriate authorities, you should contact DFFH Child Protection if you have significant protective concerns for the wellbeing of a child, but the parents are unable or unwilling to address or resolve these concerns.

This includes all concerns that:

- have a serious impact on a child's safety, stability or development (including abandonment, death or incapacity, extreme risk-taking behaviour, or harm to an unborn child)
- are persistent and entrenched and likely to have a serious impact on a child's safety, stability or development
- relate to a parent/s who cannot or will not protect the child from significant harm
- include a belief that the family is likely to be uncooperative in seeking assistance.

MANAGING A DISCLOSURE

It is very important to validate a child's disclosure, by listening to the child, taking them seriously and responding and acting on the disclosure by implementing the Jacaranda Preschool's reporting procedures.

Strategies include:

- let the child talk about their concerns in their own time and in their own words
- give them your full attention, the time and a quiet space in which to do this and be a supportive and reassuring listener
- remain calm and use a neutral non-judgmental tone
- comfort the child if they are distressed
- record the child's disclosure using the child's words.
- tell the child that telling you is the right thing to do and that what has happened is not their fault
- let them know that you will act on this information and that you will need to let other people know so that they can help the child
- it is the role of DFFH Child Protection and Victoria Police to investigate. DO NOT taking any steps to investigate. Avoid asking investigative or invasive questions which may cause the child to withdraw and may interfere with an investigation. Avoid going over information repeatedly.

RESPONDING TO INCIDENTS, DISCLOSURE AND SUSPICIONS OF CHILD ABUSE

To make a report to child protection a staff member needs to have formed a reasonable belief (*refer to Definition*) that a child has suffered or is likely to suffer significant harm as a result of abuse or neglect, and that their parent has not protected or is unlikely to protect the child from harm of that type.

It is strongly recommended that ALL early childhood service staff follow the **Four Critical Actions** as soon as they witness an incident, disclosure or form a reasonable belief that a child has or is at risk of being abused.

ACTION 1: RESPONDING TO AN EMERGENCY

If a child has just been abused or is at immediate risk of harm you must take reasonable steps to protect them.

These include:

- separating the alleged victim and others involved, ensuring all parties are supervised by a service staff member
- arranging and providing urgent medical assistance where necessary by:
 - administering first aid assistance
 - calling 000 for an ambulance and following any instructions from emergency service officers/paramedics
 - calling 000 for urgent police assistance if the person who is alleged to have engaged in the abuse poses an immediate risk to the health and safety of any person
- you should also identify a contact person at the service for future liaison with police
- taking reasonable steps to preserve evidence, such as the environment, clothing, other items, and potential witnesses until the police or other relevant authorities arrive on the premises.

ACTION 2: REPORTING TO AUTHORITIES

As soon as immediate health and safety concerns are addressed you must report all incidents, suspicions and disclosures of child abuse as soon as possible. Failure to report physical and sexual child abuse may amount to a criminal offence.

IF THE SOURCE OF SUSPECTED ABUSE IS FROM WITHIN THE FAMILY OR COMMUNITY:

DFFH CHILD PROTECTION

You must report to DFFH Child Protection if a child is considered to be:

- in need of protection from child abuse
- at risk of being harmed (or has been harmed) and the harm has had, or is likely to have, a serious impact on the child's safety, stability or development.

VICTORIA POLICE

You must also report all instances of suspected sexual abuse (including grooming) to Victoria Police.

REPORT TO MANAGEMENT

You must report to your approved provider.

NOTIFY THE REGULATOR

The Approved Provider early childhood services must notify the Quality Assessment and Regulation Division of any serious incidents, circumstances, or complaints which raise concerns about the safety, health and wellbeing of a child being educated and cared for by a service. Notifications may be made at National Quality Agenda IT System: <https://www.acecqa.gov.au>

If you believe that a child is not subject to abuse, but you still hold significant concerns for their wellbeing you must still act. This may include making a referral or seeking advice from Child FIRST (in circumstances where the family are open to receiving support), or to DFFH Child PROTECTION or Victoria Police.

If the source of suspected abuse is from within the service:

If the source of suspected abuse comes from within the service (this includes any forms of suspected child abuse involving a staff member, contractor, committee member or volunteer):

- you must contact Victoria Police via your local police station (where appropriate they will refer you on to the local Sexual Offences and Child Abuse Investigation Team)
- you must also report internally to the approved provider or person with management or control
- the approved provider must also notify the Quality Assessment and Regulation Division. Notifications made via the National Quality Agenda IT System: <https://www.acecqa.gov.au>
- The approved provider must notify the Commission for Children and Young People (CCYP) of within **three** business days of becoming aware of an allegation (*refer to Reportable Conduct Scheme*)
- a contact person must also be identified at the service for future liaison with Child Protection and Victoria Police and seek advice about contacting parents/carers. This should be a Nominated Supervisor and/or Educational Leader or Responsible Person at the service.

As the Approved Provider is a parent committee of management who hold office on a year by year basis, it is advisable the Approved Provider/Head of Organisation seek advice and support from a Responsible Person, ideally a Nominated Supervisor and/or Educational Leader (who is not the subject of the allegation) to ensure correct procedures are followed. The Responsible Person will become responsible for onsite matters in responding to the suspected abuse such as collecting documentation for reporting and evidence and liaison with staff including the subject of allegation. A Responsible Person in charge of day to day management of the service is professionally and legally bound to maintain Child Safe standards and confidentiality.

The Head of Organisation and Nominated Supervisor/Educational leader involved in responding to the suspected abuse will be guided through responding, reporting and investigating suspected abuse by:

- Jacaranda's Compliments and Grievance Policy
 - DET's **PROTECT** *Identifying and Responding to All Forms of Abuse in Early Childhood Services*
 - CCYP's **Guidance for Organisations Investigating a Reportable Conduct Allegation**
<https://ccyp.vic.gov.au/assets/resources/Reportable-Conduct-Guidance/CCYP-Investigation-guide.pdf>

Fairness for all

In the management of misconduct the principles of natural justice must be observed as necessary. This includes the following:

- the right of an employee to know the allegation or allegations being made against him or her
- the right of each party to be heard with respect to the allegations
- the right of each party to be treated fairly
- the right of the employee to have a support person present during meetings (the role of the support person or representative is set out in these Guidelines)
- the right of each party to a decision maker who acts fairly and in good faith
 - Consistent with the [Fair Work Act 2009 \(Cth\)](#), these Guidelines have been developed to ensure that the principle of a 'fair go all round' is accorded to all parties. That is, the principles of procedural and substantive fairness underpin any investigation or inquiry into an employee's performance or conduct.

Confidentiality

- All persons involved in a complaint or misconduct process must observe confidentiality, unless otherwise authorised or required to disclose information. Employees are entitled to seek personal and professional support and advice from a union or other professional body or person.
- Confidentiality is an important issue in any investigation concerning employees, children or members of the wider preschool community. Confidentiality assists the investigative process by encouraging witnesses to be forthcoming in their evidence. It reduces the likelihood or opportunity for evidence to become compromised and also reduces the risk of untested or unsubstantiated allegations being circulated outside of the complaint process. Should details of a complaint become widely known, it may be less likely that the complaint will be resolved to the satisfaction of all parties.
- However, confidentiality does not mean that the details of a person's evidence will not be provided to the respondent or a witness for a proper purpose in connection with an investigation. The considered disclosure of critical evidence by the investigator to persons who have a role or contribution to make in the investigation can be an important part of an investigation. Where this occurs, it should be done as discreetly as possible.
- The requirement for confidentiality should not impede an employee's ability to prepare a response to an allegation. As mentioned above, employees are entitled to seek personal and professional support and advice from individuals who have knowledge of the complaint (other than potential witnesses) and the seeking of such support is not considered to be a breach of confidentiality. It is not appropriate for employees to initiate a discussion of the complaint with fellow employees, students and, or the wider school community but an employee is entitled to explain to colleagues in response to questions that he or she is entitled to the presumption of innocence.
- The Approved Provider must ensure that they observe appropriate confidentiality in relation to the management of any complaint, unsatisfactory performance or misconduct procedure. The Approved Provider must advise all witnesses of their obligation to keep details of the investigation confidential and respect the confidentiality rights of the employee or complainant involved. However, in order to conduct a thorough investigation, it may be necessary for the Approved Provider to disclose certain information to other persons involved in the investigation or management of the matter.
- Proper steps should be taken at every stage of the process to secure documentation. The use of email or facsimiles as part of the process may require particular arrangements to be put in place to ensure confidentiality is not breached.

Assessing and managing risks while investigating allegations.

When an allegation has been made, the investigator (Grievance subcommittee or other) should assess the risks associated with the allegation and speak to the head of the organisation about any measures needed to reduce risk. Managing risks involves assessing the safety of all children (not just the alleged victim) and other affected people, and deciding what actions should be taken to ensure their safety and wellbeing.

A risk assessment may also involve deciding what action (if any) should be taken with respect to the subject of allegation while the investigation is being carried out. The head of the organisation should take action that is needed to keep children and other staff safe. This could include supervising the subject of allegation, stopping them from having direct contact with children, or in very serious cases, suspending

them or taking other similar action to remove them from the workplace. If the head of the organisation is considering taking immediate action against the subject of allegation, they should consider the need for advice about their obligations under other workplace laws, awards or enterprise agreements.

The head of the organisation should also keep the subject of allegation's welfare and wellbeing in mind when making decisions as far as that is appropriate. While the safety and wellbeing of children is the most important consideration in the context of investigations into reportable allegations, organisations should consider the welfare of the subject of allegation and other witnesses as far as appropriate in the circumstances.

In some circumstances, it is not appropriate for an employee to continue working in their normal workplace during an investigation. It may be appropriate for an employee to be removed from duty where:

- there is a potential risk to the health and safety of other employees or students
- there is a potential for the employee to interfere with the investigation
- there is a risk that the alleged conduct may continue or be repeated
- the conduct alleged is an act of misconduct and the continuing presence of the employee in the workplace is not consistent with the ongoing employment relationship
- An employee may be reassigned duties or suspended from duty with or without pay. A reassignment of an employee's duties still enables the employee to work but may remove the employee from working with a complainant or being in a position to tamper with the evidence. A suspension from duties involves the employee being suspended from the workplace and does not enable the employee to continue working.

A person taking the action of reassigning duties or suspending an employee must have the delegated authority to do so and must comply with the law..

- Approved Provider must not be seen to prejudge the finding as to whether the allegations are substantiated. Reassignment of duties and suspension from duty are not sanctions and should not be used as a penalty but rather only as appropriate action if deemed so as per points above.
- The employee's welfare and reputation are to be considered before a decision to reassign or suspend is made particularly where no findings of wrongdoing have yet been made.

ACTION 3: CONTACTING PARENTS/CARERS

You must consult with Victoria Police or DFFH Child Protection to determine what information can be shared with parents/carers. They may advise:

- not to contact the parents/carers (e.g. in circumstances where the parents are alleged to have engaged in the abuse, or the child is a mature minor and has requested that their parent/carer not be contacted)
- to contact the parents/carers and provide agreed information as soon as possible (for approved provider's, it is a requirement that parents/carers are notified within 24 hours if the suspected abuse occurred at the service).

ACTION 4: PROVIDING ONGOING SUPPORT

Your service should take reasonable steps to make a child feel safe and supported whilst they are attending your service.

- your service should also consider providing support for children impacted by abuse. Eg. Referral to wellbeing professionals.
- you must follow the **Four Critical Actions** every time you become aware of a further instance or risk of abuse. This includes reporting new information to authorities.

THE REPORTABLE CONDUCT SCHEME

The Approved Provider must notify the Commission for Children and Young People (The Commission) of a reportable allegation (*refer to Definitions*) within **three** business days of becoming aware of an allegation. The Approved Provider must provide certain detailed information about the allegation and their proposed response within **30 calendar days**.

The approved provider must also investigate the reportable allegation and provide the findings of the investigation to the Commission. The service must also respond to the Commission when contacted for information.

The Commission provides guidance on the processes and documentation required when making a report: refer to <https://ccyp.vic.gov.au>

CHILD PROTECTION IN EARLY CHILDHOOD: PRIVACY AND INFORMATION SHARING

The Child Information Sharing Scheme, and the Family Violence Information Sharing Scheme allow professionals working with children to gain a complete view of the children they work with, making it easier to identify wellbeing or safety needs earlier, and to act on them sooner.

Following a report to DFFH Child Protection, Victoria Police and/or ChildFIRST you should:

- consult with your approved provider before disclosing information about the report and the child and their family to another information sharing entity (except to verified Victoria Police and DFFH Child Protection workers in very urgent situations and/or if the information is required to protect the safety of that child) and/or
- seek consent from a child or their parents/carers before disclosing information about the report and the child and their family to anyone other than authorities and service staff members (provided this does not place the child or another person at risk).

PRIVACY LAWS ALLOW FOR STAFF TO SHARE A CHILD'S PERSONAL AND HEALTH INFORMATION TO ENABLE THE SERVICES TO:

- provide and support the education of the child, plan for individual needs and address any barriers to learning
- support the social and emotional wellbeing and health of the child
- fulfil duty of care obligations to the child, other children, staff and visitors
- make reasonable adjustments if the child has a disability, including a medical condition or mental illness
- provide a safe and secure workplace.

ATTACHMENT 4: RESPONDING TO SUSPECTED CHILD ABUSE: TEMPLATE FOR ALL VICTORIAN EARLY CHILDHOOD SERVICES

This template has been adapted from the Department of Education and Training; Responding to Suspected Child abuse: Template for all Victorian Early Childhood Services

Under the National Quality Framework, the approved provider of an education and care service must ensure that an incident, injury, trauma and illness record is kept (*Regulation 87*). This template aligns with this requirement and it is strongly recommended that all early childhood service staff utilise this template for incidents, disclosures and suspicions of child abuse.

Completing this template should not impact on reporting times. If a child is in immediate danger staff should immediately contact Victoria Police on 000.

When completing this template, the aim should be to provide as much factual information as possible. This information will be critical and may be sought at a later date if the matter is the subject of Court proceedings.

ATTACHMENT 5: PUBLIC COMMITMENT TO THE CULTURAL SAFETY OF ABORIGINAL CHILDREN TEMPLATE

This template was reviewed by Victorian Aboriginal Education Association Incorporated

Jacaranda Preschool is committed to the cultural safety of Aboriginal children

We are committed to:

- actively supporting and facilitating participation and inclusion of Aboriginal children, young people and their families within our service
- the safety, participation and empowerment of Aboriginal children
- providing an educational program that strengthens Aboriginal children's culture and identity
- actively supporting and encouraging Aboriginal children to express their culture and enjoy their cultural rights
- supporting Aboriginal children and their families to identify as Aboriginal without fear of retribution or questioning
- supporting Aboriginal children to maintain connection to their kinship ties, land and country
- supporting Aboriginal children to be taught their cultural heritage by Elders
- facilitating regular training and education on Aboriginal cultural and cultural safety
- establishing policies, procedures, systems and processes to create a culturally safe and inclusive environment and meet the needs of Aboriginal children, young people and their families.
